LUNCH

Black Caviar

LIGHTNING STAKES BANQUET

We're fed up with family violence.

Did you know that there were 62,000 reported cases of family violence in Victoria last year? Yes, 62,000.

What's worse is that 70 Australian women died last year at the hands of a current or former partner.

This is a widespread issue in our community. So much so, that 1 in 3 women will experience family violence, and 1 in 4 children will witness it.

We're a small group of friends that have come together to try and make a difference. We think that the best way we can help is to provide more resources to the experts, so that they can do more of the great work that they're already doing.

And so, we're supporting McAuley Community Services for Women, the only Victorian organisation that provides 24/7 shelter and support for women and children escaping family violence.

How? The only way we know best. By getting together with likeminded people to have some fun, raise some money and create some awareness.

The inaugural event will be a 3-course lunch at Flemington Black Caviar Lightning Day on the 7th February 2015, and aims to achieve two broad objectives:

- a) Raise money to enable McAuley to provide assistance for more women and children escaping family violence.
- b) Get a significant number of people in a room, and educate them about family violence.

100% of the proceeds of the event will go to McAuley to enable them to continue to support Victorian women and children.

We'd like your support.

We understand that different organisations and individuals are able to participate in different ways, so if you are able to help in any way, no matter what form that might take, we would be extremely grateful. Some ways in which others are helping:

- > Buying tables at the event
- > Donating products that we can auction at the event or barter for support from other organisations
- > Making a tax-deductible donation
- > Offering organisational or administrative support, either with resources or specialist services
- > Connecting us with other likeminded organisations that might also like to help

If you're fed up too, make a difference yourself by visiting feduplunch.org and making contact – we're looking forward to hearing from you.
